General Comment

absolutely support mental health parity -

in Nevada, the mentally ill are treated like third-class citizens, with very few options for treatment -

our governor and his cronies (like Harold Cook, of MHDS) would rather have the mentally ill go to prison due to lack of treatment at a cost to the taxpayer of at least 10 times what Community Based Treatment Alternatives would be -

it is a disgraceful regime of corruption and lack of compassion.

we absolutely support Parity as a helpful step out of this cesspool of governmental mismanagement and ignorance.
